In Memorium

This page is dedicated in memory of Don Jordan - friend, counselor, guide, and inspiration. It was he who secured the first invitations for students from P. H. S. to be heard over WKAM. Just when ours became a sponsored program, Death took him suddenly from us. We know that he would feel a glow of pleasure and satisfaction in the fact that the Class of 1952, which served as a nucleus for those first programs, is still functioning as the backbone of our present Radio Club.

Secretary

ALICE WERSTLER

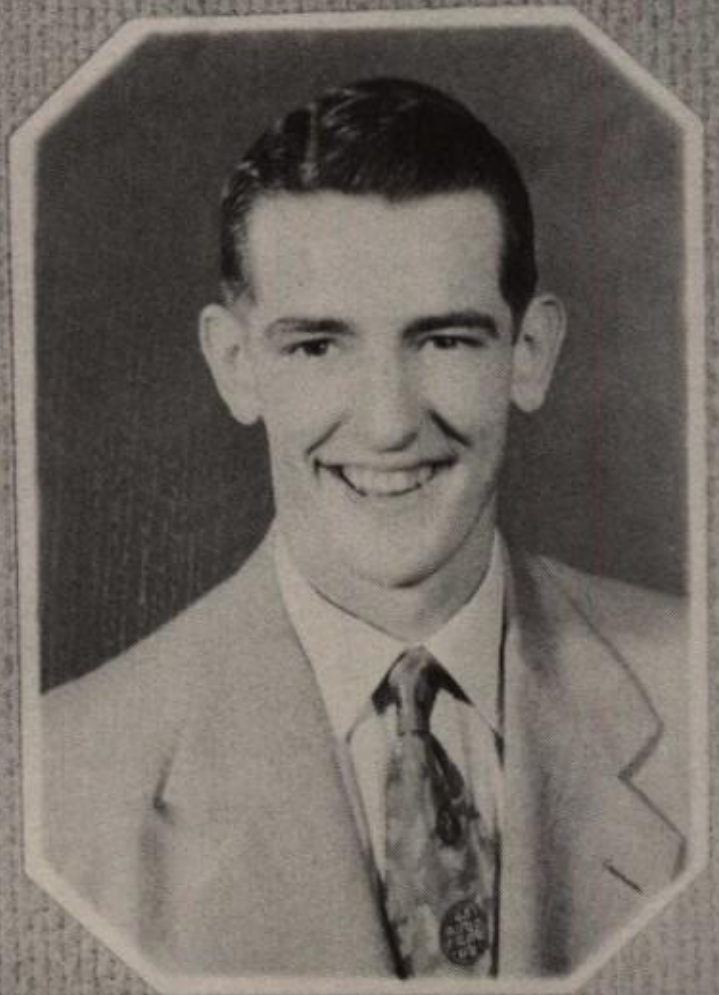

May I have some pencils, please? I want to use the telephone. Could you tell me how many days John Smith has been absent? Would you mind taking my assembly the fifth period? I'd like to have thirty copies of this test, please. What time is the party tonight? Is Mr. Stouffer in? Can you change a five?

These and many other questions, commands, and requests make up the daily routine of the pleasant, affable and helpful office girl who sits calmly at her desk in the outer office.

I have other thoughts in mind. (Don)

BOB KILGORE - People have only begun
to hear from me.

CLASS HISTORY

The years of 1933 and '34 were the best years of the class of '52 because these were the years that most of them came into the world.

On September 21, 1940, thirty-nine children entered the first grade. Only six of these thirty-nine finished at Pierceton High School. They are; Roberta Danner, Carol Lee Orr, Helen Mort, Bob Kilgore, Cloyse Rider, and Jim Gebert.

In the second grade Ruth Flinton and Dean Harris joined us to finish the remaining eleven years.

For some unexplained reason, by the time we had reached the fourth grade our enrollment had dropped to twenty-six. But the coming of Elson Wilson gave us a little boost and the addition of Deane Musselman and Ronald Meredith during the fifth grade once more had our enrollment on the up-grade.

Fifth and sixth grades provided our first taste of physical education which has proven a favorite subject of many members of the class.

The seventh grade marked the halfway mark of our long journey through school. Here we picked up some more members who chose to finish at P.H.S. They were Robert Stęckbeck, Bob Berfield, Herman Conley, Kenneth Mort and Bill Caudill, while in the eighth grade Carolyn Foster chose to join us from Warsaw.

The freshman year was a great one, because we were now considered in "High School." There were a few things which we didn't like too much, such as initiation, but like all true freshmen we lived through it. That year we received some recruits from Monroe. They were as follows: Wayne Slaymaker, Doris Oliver, Edward Gregory, DeWayne Ulrey, Dick Birtwhistle, and Joy Wertenberger.

On we moved into the sophomore year. We were no longer the tiny freshmen but the Mighty Sophomores. With Dick Reed, our sponsor, we got to work on our faraway senior trip by selling magazine subscriptions. We also won the subscription contest sponsored by the "Student."

Our class was well represented in basketball that year, for the undefeated "B-Squad" was composed largely of sophomores. That year the cheerleaders were chosen from the class also. They were Carol Orr, Carolyn Foster, and Wayne Bryant. It was during that year that we received two more recruits in personnel, namely Sharilyn Hood and Donna Rhoades. At Christmas time we presented the play "The Fragrance of Myrrh." During the last semester we sponsored a bingo game after a basketball game to boost our treasury. We ordered our class rings and then sat back and looked forward to our junior year.

The junior year started off at a fast pace and continued the same throughout the year. Mrs. Hood and Mr. Mowrey were our very capable sponsors. Without them our class would have been in a very sorry shape. We elected officers and got right to work. We had a grand opening of our Junior Sales Room. Again we won the subscription contest.

Early in the fall we received our class rings and after the usual trading, we all decided we were very well satisfied. When the basketball season came around we found the junior class again taking top honors. That year the cheerleaders were again chosen from our class although they were a different group this time. They were Helen Mort, Donna Rhoades, and Sharilyn Hood.

To raise more money we sold Christmas cards and plastic towels. With all of the selling at noons and at the basketball games, we

all agreed that we were all quite capable salesmen and women. For our spring party, we went to Pokagon State Park and every one had a wonderful time along with a few million mosquito bites. That year we made our first public entry into the field of dramatics and presented the comedy, "The More the Merrier." At the end of our junior year, we all dressed like we had never dressed before, in formals and suits, and escorted the Class of "51" down the aisle in commencement exercises. Never had these beautiful ceremonies of Commencement and Baccalaureate meant so much to us, but on those memorable nights it was different. It would only be another year, and another class would pay us the same courtesy.

After the shortest summer we had ever known, we were suddenly seniors! A year to be held highest of them all. Miss Yontz and Mr. Stouffer were our sponsors that year. We elected the following officers that year: president, Bob Steckbeck, vice president, Ed Gregory, recording secretary, Dean Harris, financial secretary, Deane Musselman. On checking the records we find only the aforementioned people had traveled all that long journey in Pierceton High School together. The other twenty were picked up along the way. We soon discovered that seniors play an important role in P. H. S. The school paper was started with 12 senior staff members, and the Student Council started functioning under the leadership of Bob Steckbeck. The seniors had the privilege of initiating the freshmen at the first all-school party. In basketball we had eight men on the first ten. After a successful season we felt quite proud of them. For the third successive year the cheerleaders were chosen from our class. They were Kenneth Mort, Wayne Bryant, and Carol Lee Orr. We presented the comedy "The Great Big Doorstep" which we all felt was a very successful senior play. This made us all very proud of our class. On the coldest night of the fall season we held our first class party. On a wagon bed padded with a little hay and many watermelons, we entrusted our lives to the expert, Herm Conley, the H. Farmall tractor operator, and jaunted to Colomer Dam Park. As guest of the Rural Youth Organization, we cut some really fancy capers on a couple occasions.

We received Dace Smidchens at the start of the second semester for the last to enter the Class of "52."

At the writing of this document, much of our history remains in the future. Our biggest moment to come is our senior trip. Early in May we will board a bus bound for Washington D. C. and New York City. To this we can look forward with delight and anticipation. We have all worked hard for this trip and we are all set to enjoy every thrilling moment of it. Then, of course, there will follow Class Night, Baccalaureate and, last of all, Commencement - that long anticipated moment when we shall receive our diplomas.

The colors chosen to represent us are; American Beauty Red and Gray.

Our class flower is the American Beauty Rose.

Our class motto is, "Don't itch for success, but scratch for it."
